4th Greek Raw Materials Community Dialogue

11 – 12 December 2019

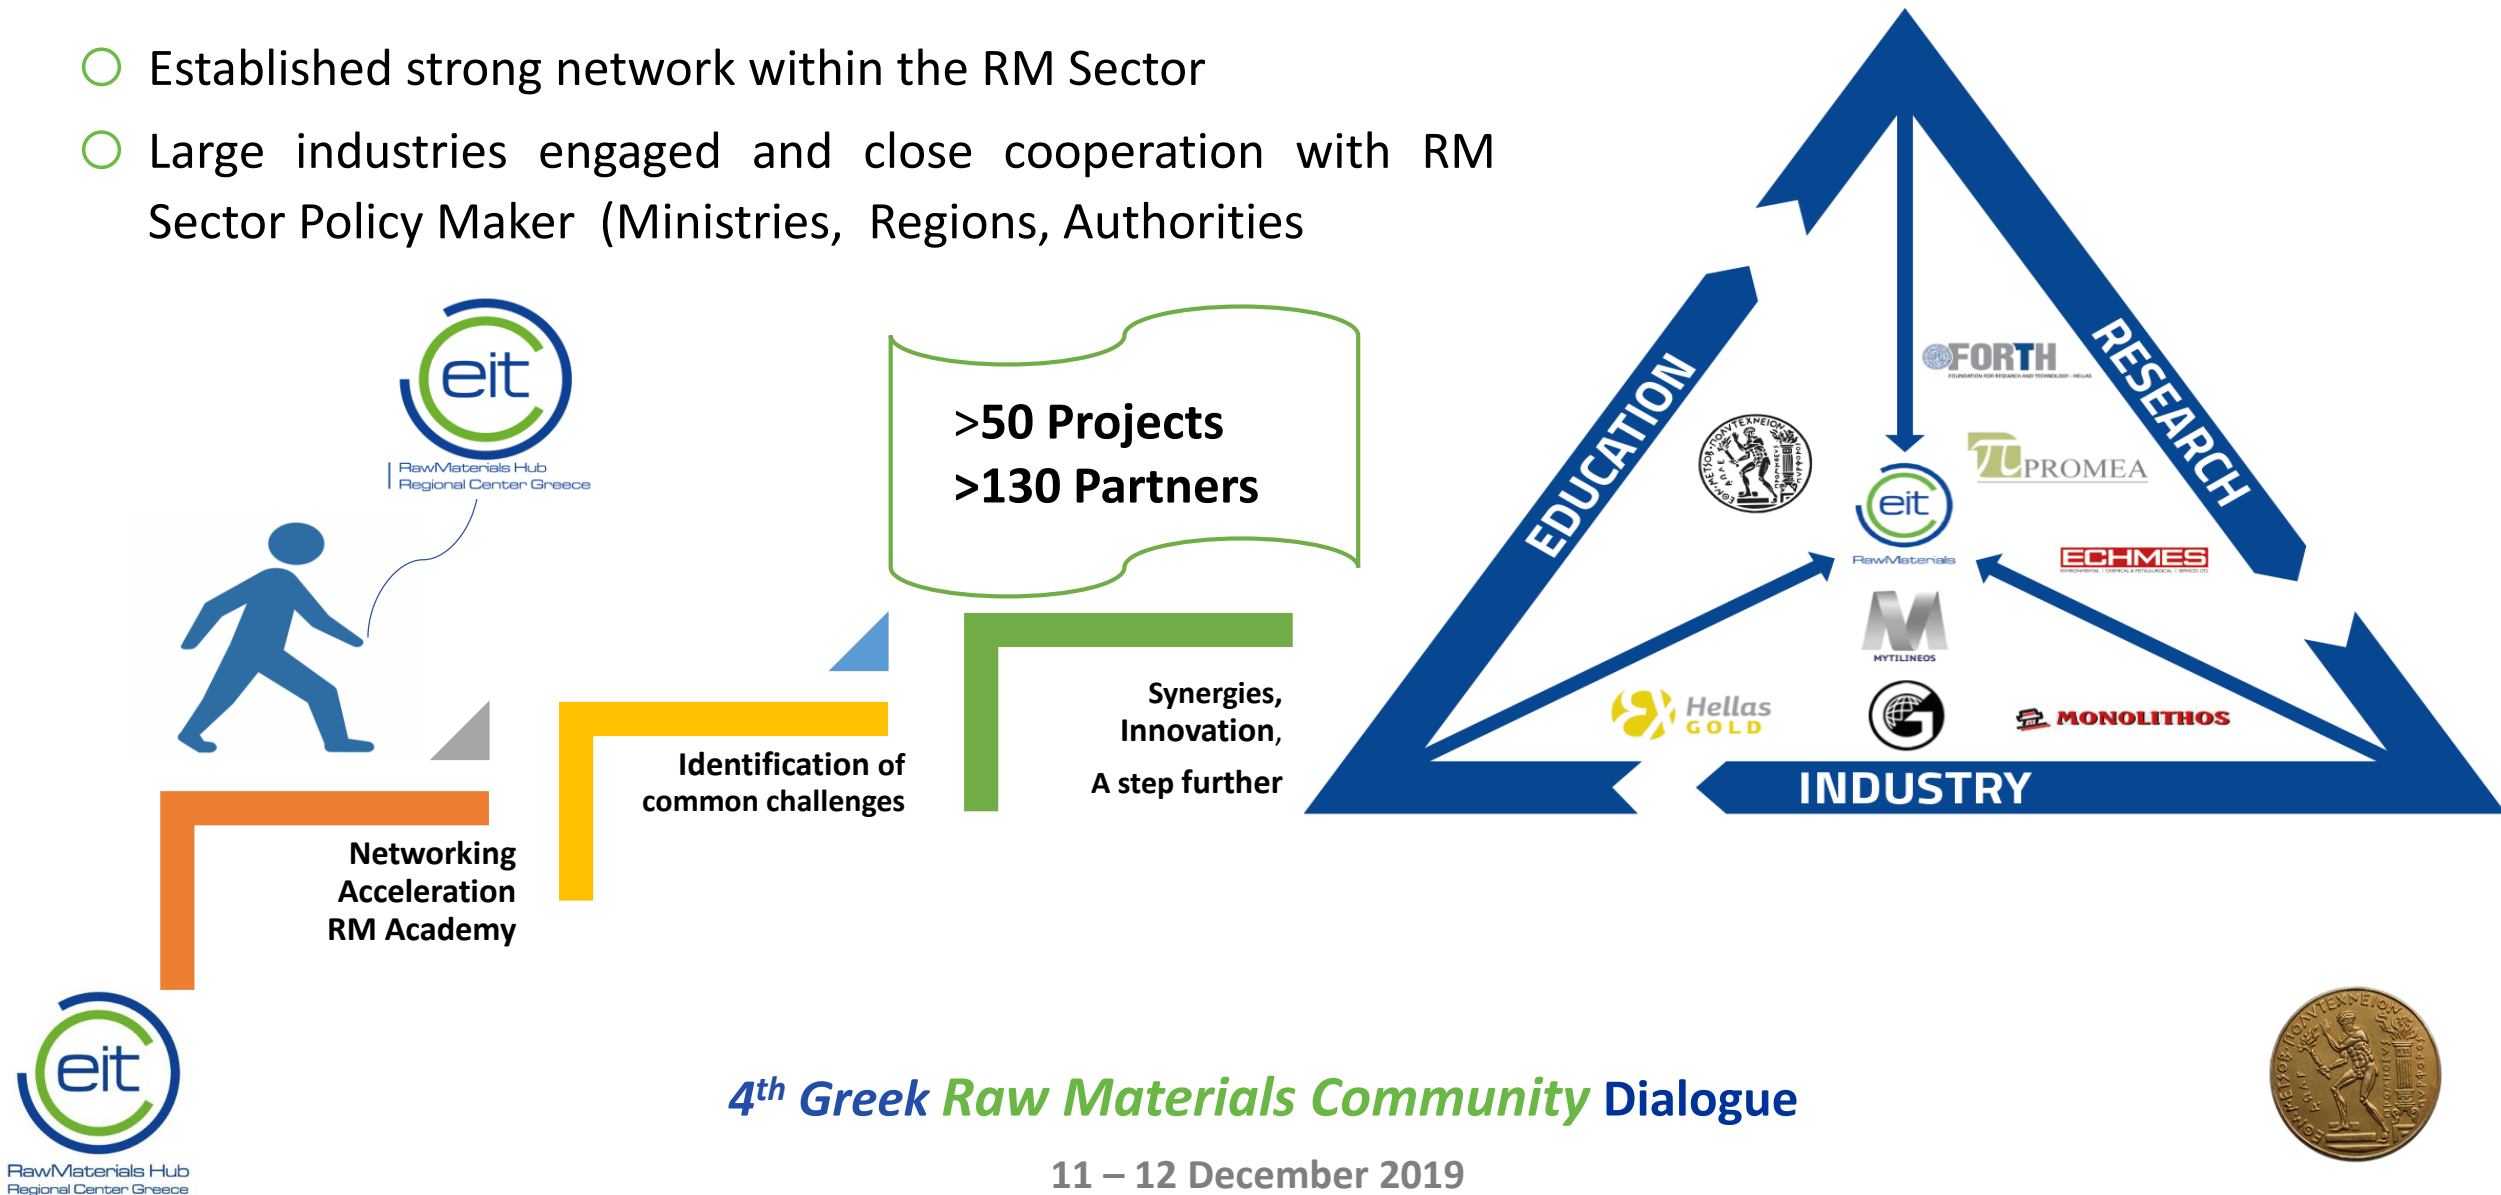

EIT RawMaterials HUB-Regional Center Greece *General Objectives*

- Interface for EIT RM interaction with local players in the RM sector, mobilise and internationalise the local and regional networks fostering the Knowledge Triangle Integration
- Gradually expand activities to neighboring RIS eligible countries such as Cyprus and Balcan countries
- Liaise and provide expertise to the relevant national, regional and local authorities, enhancing the visibility of the KIC among the policy makers
- Assist in identifying KTI funding and project opportunities, providing advice to KTI project/ initiative/programme development and implementation
- Liaise with other existing information channels and key experts to ensure efficient exchange of information and best practice, as well as appropriate visibility

EIT RawMaterials HUB-Regional Center Greece *The Ecosystem*

- Established strong network within the RM Sector
- Large industries engaged and close cooperation with RM Sector Policy Maker (Ministries, Regions, Authorities)
